

# **Tasman Resource Management Plan - Change 70**

**Notified : Saturday, 17 August 2019**

## **Summary of Decisions Requested In Change 70**

**In Submitter Name Order**

## Summary of Decisions Requested In Change 70 Submissions

### **NZ Transport Agency**

C/o WSP Opus Private Bag 36 Nelson

■ **C70.806.1 C70 GEN - Change 70**

**806**

Remedy: Retain the proposed mitigation measures relating to traffic effects.

### **Z Energy 2015 Ltd**

C/o 4Sight Consulting Ltd PO Box 911310 Victoria St West Auckland

■ **C70.4165.1 17.5.2.1 - Permitted Activities (Land Use - General)**

**4165**

Remedy: Amend condition 17.5.2.1(a)(xii) by replacing "and" with "or" between "Lot 1 DP 20392" and "Lot 1 DP 19736" and delete the words "owned by Network Tasman Limited".

■ **C70.4165.2 Sch. 17.5A 1 - Activities on Network Tasman Ltd Site at Main Road, Hope**

Remedy: Amend rule 1 by replacing "and" with "or" between "Lot 1 DP 20392" and "Lot 1 DP 19736".

■ **C70.4165.3 Sch. 17.5A 1 - Activities on Network Tasman Ltd Site at Main Road, Hope**

Remedy: Amend rule 1(b)(viii) to:  
"Crossing Place CP68B (on Lot 1 DP 19736) may only be used by trucks and truck and trailers for up to a maximum of 40 Equivalent Car Movements per day (averaged over a month) to enter the Network Tasman Limited site via a controlled access. All vehicles must exit the Network Tasman Limited site within Schedule 17.5A onto State Highway 6 (SH6) at Crossing Places CP66 or CP57 (on Lot 1 DP 435942).

Equivalent Car Movements (ECM) in relation to CP68B means:

- 1 truck is 3 ECM
- 1 truck and trailer is 5 ECM

Cars are not addressed under the ECM as CP68B is only to be used for heavy vehicles.

'Controlled access' in relation to CP68B means an electronic entry gate located in a position that only provides access to the site for authorised vehicles but does not restrict access to Lot 1 DP 343453, including when up to two heavy vehicles are queued at the controlled access."

■ **C70.4165.4 Sch. 17.5A 1 - Activities on Network Tasman Ltd Site at Main Road, Hope**

Remedy: Retain proposed matter 1(6).

■ **C70.4165.5 Sch. 17.5A 1 - Activities on Network Tasman Ltd Site at Main Road, Hope**

Remedy: Consequently amend proposed matter 1(7) by deleting the words "where the estimated number of vehicles entering the site via Cross Place CP68B exceeds 40 Equivalent Car Movements (ECM) per day" and the rest of the matter so that it reads:  
"The effects of trip generation with New Zealand Transport Agency being the only affected party."
