

Motorist service signs application form

Name of applicant	Name of facility
Address of applicant	Address of facility
Work phone	Email
Website	

In order to qualify for motorist service signs, the facility should meet these criteria:

Tick if applicable

- 1. Have all relevant government and council licences and approvals to operate?
- 2. Open to the public without prior booking during the facility's normal opening hours?
- 3. Provide adequate all-weather off-street parking including dedicated spaces for disabled visitors, also for coaches and other large vehicles if such vehicles are ever expected?
- 4. Have an entrance to the above parking which is in a safe location and designed to appropriate standards for the amount of traffic using it and the traffic volume along the road?
- 5. Is appropriately signed within the property line, including clear indication about parking, so that it is easily identifiable to passing road users?

Please include the following with your application

- Government and council licences.
- Photographs and/or maps of existing and proposed signs.
- Any promotional material.

General conditions

- An approval is valid for five years from date of application endorsement.
- Signs will be installed at Tasman District Council approved location(s) and will comply with the Tasman District Council Traffic Control Devices Manual Part 2: Direction, Service and General Guide Signs, Section 5.0: Service Signs.

- The applicant will pay all costs of manufacture, installation and replacement of the signs.
- Tasman District Council's road maintenance contractor will arrange manufacture and installation of signs from an accredited supplier.
- If there are any existing signs in the location then the applicant may be required to fund the cost of aggregating the existing signs.
- The applicant shall not alter the approved sign(s).
- The signs may be removed by Tasman District Council if the facility ceases to operate, or at its discretion.

I agree to the general conditions listed above
